

COURSE INFORMATION

The Mulligan Concept Course Curriculum provides technical, post-graduate instruction in the manual therapy techniques of Mobilization with Movement™ taught by accredited teachers of the Mulligan Concept Teachers Association. This unique approach was discovered and developed by Brian Mulligan F.N.Z.S.P. (Hon), Dip. M.T. from Wellington, New Zealand. The Mulligan Concept™ is used for both assessment and treatment for musculoskeletal conditions throughout the entire body. When indicated the Mulligan Concept™ provides immediate relief of symptoms and long-lasting results. Mulligan courses with MWMUSA are focused on providing the participant with skills for evaluation, assessment and critical thinking to help maximize outcomes and establish a strong therapeutic alliance with your patients!

WHO CAN ATTEND?

The courses are designed for licensed health care practitioners including physical therapists, athletic trainers, occupational therapists, physical therapy assistants, medical doctors, osteopaths and chiropractors. The techniques are only to be practiced within the individual clinician's scope of practice.

COURSE OFFERINGS:

The core curriculum of Mulligan Concept courses in the USA are the Upper Quarter, Lower Quarter and the Advanced Course. Each of these courses consists of 13 hours of instruction over two days. Scheduling of the days and times may be flexible but typically is two weekend days from 8:00 am to 4:00 pm.

The 2 Day Upper Quarter Course will present the Mulligan approach to manual therapy for the Cervical and Thoracic spine as well as for the upper extremity. It will include lecture, patient demonstrations, and lab time to give the participants a thorough and in-depth coverage of the Mobilization with Movement approach for the Upper Quarter including headaches, tennis elbow, as well as a number of other common clinical presentations.

The 2 Day Lower Quarter Course will present the Mulligan approach to manual therapy for the lumbar spine and sacroiliac joint as well as for the lower extremity. It will include lecture, patient demonstrations, and lab time to give the participants a thorough and in-depth coverage of the Mobilization with Movement approach for the lower quarter including a variety of common clinical presentations throughout the region.

The 2 Day Advanced course will review and fine tune the participants skill level with the Mulligan approach to manual therapy for the whole body. In addition, it will provide instruction in the use of Pain Release Phenomenon techniques and compression techniques. It will include lecture, patient demonstrations, and lab time to give the participants an opportunity for in-depth problem-solving, refinement and advancement of the techniques in this approach. This will also prepare those who are interested in taking the Certified Mulligan Practitioner Exam.

The Certified Mulligan Practitioner Exam Program (CMP) is available for those practitioners (PT, ATC, Osteopaths and Chiropractors) who have completed the UQ, LQ and Advanced courses and wish to pursue further recognition and marketing of their competence in the Mulligan Concept. Those passing the written and practical CMP exams will be awarded the title of **Certified Mulligan Practitioner** and listed by geographical location on the Mulligan Concept website: www.bmulligan.com. More info on the CMP program can be found at <https://mwmusa.com/certified-mulligan-practitioner-exam/>

The 2 Day Advanced Course is usually combined into a 3 Day weekend format with the Certified Mulligan Practitioner Exam given on the third day.

- **<https://mwmusa.com/videos/>**
- **For UQ & Advanced courses, something to keep hair from hanging down the back of the neck is desirable.**
- **Participants must take personal responsibility for communicating to their lab partner and/or instructor any physical problem that might contraindicate having the techniques performed on them.**

CANCELLATION POLICIES:

Individual Participant Cancellation Policy: All cancellations must be submitted with written notice and received 14 days prior to the course date. Refunds, minus an administrative fee of \$50.00, are provided if cancellation is received in this timeframe. No refunds will be issued if notice is received less than 14 days before the course. If written notice is provided at **any time** prior to the start of the course, or within 1 week after, full course tuition may be transferred to another Mulligan Concept course within 1 year without the administrative fee.

Mulligan Concept Teacher's Association (MCTA) Right to cancel: The MCTA and its teachers reserve the right to cancel any course prior to the course date due to insufficient enrollment or unforeseen circumstances. In the unlikely event that this should occur, individual tuition fees will be returned in full (though life can be unpredictable, we will do everything in our power to avoid such a cancellation < 28 days before the course). However, MWMUSA and its teachers will not be held responsible for airline tickets, hotel reservations, or any other travel or personal expenses incurred by the registrant. MWMusa will make every attempt to contact you as soon as possible in the event a course must be canceled. Please consider this policy before making your travel arrangements.

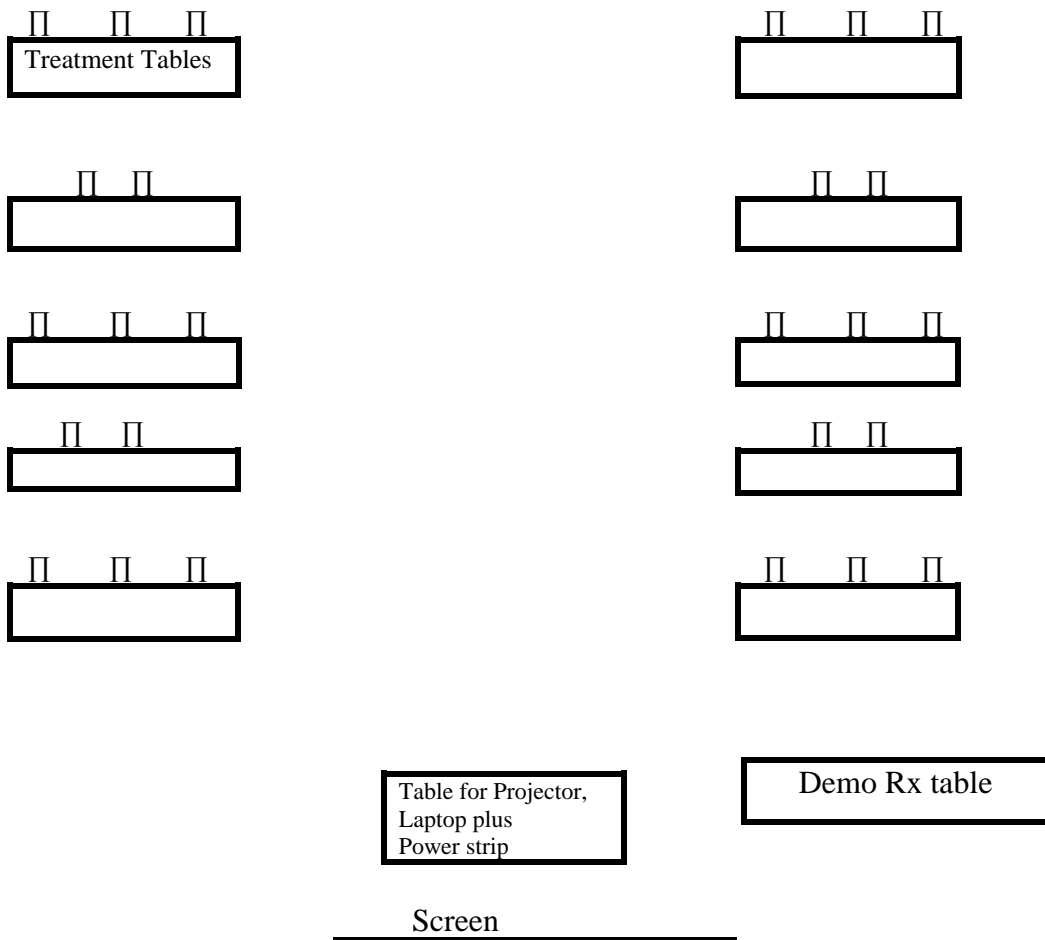

Host Cancellation Policy: In the event that the host facility must cancel, a minimum of 4 weeks notice must be given in writing to the course instructor. This will allow sufficient time to notify all registered participants.
